 SUBJECT: LED Work Light Retrofit Kits

**INFORMATION BULLETIN:**

**BACKGROUND:**

Retrofit kits have been created to upgrade 7000 series air-seeders to LED work lights from the original halogen lights. The new LED lights provide much better illumination over a much larger area while requiring 3.5x less power to operate. The kits come with new LED lights, adapter harnesses - so re-wiring is not required and also includes some new mounting brackets to ensure the light can be directed to the correct areas.

These retrofit kits can be used to upgrade 7000 series air-seeders before sn: 42025AS-01

**CORRECTIVE ACTION:**

- Notify your staff involved with the Bourgault product line and your customers of these retrofit kits.
